

George and Marcy Romeos Greek Youth Ministries Greece

Two and half years have passed since we had the amazing privilege of being involved in the Athens Olympics, 2004. It still seems like a dream that we were able to minister during that time and be part of such a huge network of believers in bringing the gospel to such an event that touches lives from all over the world.

The relationships that were created with partner ministries will forever bind us to this point in history. We shared a mixture of emotions at the close of the Olympics...exhausted and thankful but also sad for the closure of that time. Since then, our focus has shifted in ministry here and that has been a challenge for us to find out "what pleases the Lord" and what direction to go in ministry here in Greece.

We have been blessed with a beautiful sports facility here and it is constantly in use. We house teams here from all over the world that come to help on the complex here but also to see biblical Greece. Our mission has a two fold dream to start a Christian school on the land here and a New Testament Biblical Studies program that would allow people from all over the world come and follow in the footsteps of the apostle Paul.

The Indian ministry is ongoing and we have an Indian church that meets with us here on Sunday nights. We have around 15 now. We are praying for someone who speaks their dialect as it is a challenge for George to speak in Greek and then be translated into their language. He often is not sure if he is being translated right! When you are handling the Word of Truth, that is a definite concern.

We are excited that the AMG office buildings have been completed. This new building is a great help as it is near our property here so the AMG missionaries do not need to travel downtown Athens everyday which is about a three hour commute round trip. Thank you for all your prayers.

Almost ten years ago, the Romeos started G.Y.M. and began purchasing land for a sports center, they have almost 10 acres. They see this as a "gift to the rest of the world," and made it ready for the 2004 Athenian Olympics.

Prayer Request:

- v Travel for all the teams coming to help with the CVC
- v Ongoing ministry to the Indian population here at CVC
- v Coordination of ministry events
- v Needed permits from the government to put on outdoor ministry events
- v Open and receptive hearts and minds of those we minister to

Address:

George & Marcy Romeos
10A Evripithou
155 62 Holargos
Athens, Greece
